Ecological Golf Course Management

Paul D. Sachs, Richard T. Luff

Ecological Golf Course Management Paul D. Sachs, Richard T. Luff

Ecological Golf Course Management is the most comprehensive work ever done on ecological turf management. It's a must-have for any golf course superintendent, sports field manager, or turf professional interested in reducing or eliminating chemical pesticide use.

Ecological Golf Course Management focuses on managing the health and welfare of all soil organisms from a single-celled bacterium to fully developed turf plants and connects the reader to the important and relevant interactions between them. It points out ways to exploit natural plant defense systems that have been largely ignored and to engage many of the powerful allies that live above and below ground.

Ecological Golf Course Management explores in detail the many aspects of:

- * Biological and botanical pest control
- * Plant stress management
- * Compost production and use
- * Natural disease suppressants
- * Biological fertility management
- * Soil, leaf tissue, and water analysis
- * The ecological impact of conventional pesticides and cultural practices

From reader reviews:

Linda Wood:

This Ecological Golf Course Management book is just not ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is actually information inside this book incredible fresh, you will get data which is getting deeper anyone read a lot of information you will get. This kind of Ecological Golf Course Management without we know teach the one who looking at it become critical in pondering and analyzing. Don't end up being worry Ecological Golf Course Management can bring if you are and not make your carrier space or bookshelves' come to be full because you can have it inside your lovely laptop even cell phone. This Ecological Golf Course Management having great arrangement in word as well as layout, so you will not really feel uninterested in reading.

Wendy Lambert:

As people who live in often the modest era should be up-date about what going on or info even knowledge to make these keep up with the era that is always change and progress. Some of you maybe may update themselves by looking at books. It is a good choice in your case but the problems coming to an individual is you don't know what kind you should start with. This Ecological Golf Course Management is our recommendation to make you keep up with the world. Why, because book serves what you want and want in this era.

Gregory Anderson:

Reading a book tends to be new life style on this era globalization. With reading you can get a lot of information that will give you benefit in your life. Together with book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Plenty of author can inspire all their reader with their story or even their experience. Not only the storyline that share in the guides. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book that exist now. The authors in this world always try to improve their proficiency in writing, they also doing some investigation before they write for their book. One of them is this Ecological Golf Course Management.

Henry Baker:

Are you kind of stressful person, only have 10 or maybe 15 minute in your time to upgrading your mind ability or thinking skill also analytical thinking? Then you are having problem with the book as compared to can satisfy your short time to read it because this all time you only find book that need more time to be go through. Ecological Golf Course Management can be your answer as it can be read by anyone who have those short free time problems.
