Eva Etzioni-Halevy

The Divided People: Can Israel's Breakup Be Stopped? Eva Etzioni-Halevy

The Divided People describes a fracturing Israel, a deeply divided state whose political system is buckling and whose society is rapidly polarizing into religious and secular camps. Written by a social scientist and drawing upon social science research, the work documents the emergence of separate social networks, residential areas, symbols, and identities—and even a split in the Hebrew language itself. Yet rather than argue for a return to the commonality of the past, Eva Etzioni-Halevy champions Israel's painful transition toward a truly multicultural society prepared to embrace diversity and democracy. This provocative new book carries a supremely important message for a postmodern Israel taking its first painful steps toward pluralism, liberalism, and tolerance, and a wider lesson for western nations grappling with the problems of a devolutionary age.
