As children, we are shown the world in terms of black and white - good and evil. As we get older, we see that there are varying degrees betwixt the two. We see good people do bad things and bad people do good things. The line between good and evil is blurred. We have become desensitized to some amount of wrongness in our lives. Some things are marginal but acceptable. Random kind acts are fewer while more frequent acts are sub-criminal in nature, like indifference. The Golden Rule does not apply to people as it once did. That is why I decided to make a difference. I knew I could prove that one person with no formal skill, but a keen sense of right and wrong, could still stand up and be heard. Please help me be heard.
