## **In the Theater of Consciousness: The Workspace of the Mind** Bernard J. Baars

Written by eminent psychologist Bernard J. Baars, this book brings us to the frontlines of the consciousness debate, offering the general reader a fascinating overview of how top scientists currently understand the processes underlying conscious experience. The study of conscious experience has seen remarkable strides in the last ten years, reflecting important technological breakthroughs and the enormous efforts of researchers in disciplines as varied as neuroscience, cognitive science, and philosophy. Scientists are just now beginning to find common ground in their understanding of consciousness, which may pave the way for a unified explanation of how and why we experience and understand the world around us. This book offers an invaluable introduction to the field, brilliantly weaving together the various theories that have emerged as scientists continue their quest to uncover the profound mysteries of the mind-and of human nature itself.
