Sociology: A Down-to-Earth Approach CORE Concepts (5th Edition)

James M. Henslin

Sociology: A Down-to-Earth Approach CORE Concepts (5th Edition) James M. Henslin

Adapted from Henslin's best-selling comprehensive text, Core Concepts provides in-depth coverage of ten high-priority topics that are the foundation of many introductory sociology courses.

This unique paperback offers a concise and economical format without sacrificing depth of coverage. Unlike a "brief" or "essentials" text, the ten chapters that make up Core Concepts are not edited down from a longer book. Instead, they provide full coverage of those topics that instructors emphasize the most in a one-semester or one-term introductory sociology course. Like Henslin's other texts, it features the author's familiar "down-to-earth" approach and personal writing style that highlight the sociology of everyday life. With wit, personal reflection, and illuminating examples, Henslin shares with readers a passion for sociology unmatched by any other introductory text.
