Pestilence: n. To be destructive or pernicious "If only can you can feel the chill of my heart, then you'd know how cold I can be!" After five long miserable years of life on the run, Matthew Latimore, makes an unfortunate decision when he decides to return home. Now twenty-one, he comes back looking for answers, but soon comes to realize that life on the run wasn't all that bad, compared to what destiny had in store for him. Just when he thought he was safe, his life suddenly ends, but not in the way he always expected it to. Split personalities take on an entirely new meaning for this young Warlock, when one of two of his thought to be dead triplet siblings, Mariah, wakes up in his place, in her own image, and with her own set of magic. Born already at twenty-one, with brand new emotions. raging hormones, and a ton of power, Mariah quickly discovers that replacing her brother isn't as easy as she thought! How are they going to defeat the very group of Magical leaders, known as The Inquisitors, who orchestrated them into existence in the first place? Will they become the cure that they were intended to be? Or will hostile circumstances turn them into a weapon that even the Inquisitors cannot control? Because with unchecked power comes chaos; and with chaos comes disaster, and when disaster comes, you better be ready for the destruction of everything!
