Schools and Society: A Sociological Approach to Education

Schools and Society: A Sociological Approach to Education A comprehensive overview using an open systems approach

Schools and Society: A Sociological Approach to Education, Third Edition, now published by Pine Forge Press, features original readings and article excerpts by leaders in the area of Sociology of Education. With a wide array of theoretical perspectives, a broad range of respected sources, and inclusion of both classic and contemporary studies, this comprehensive, integrated text addresses key issues in the field with a balanced presentation. Edited by Jeanne H. Ballantine and Joan Z. Spade, both of whom actively teach Sociology of Education courses, this text continues to offer theory, methods, and classical and current issues organized around the theme of the open systems approach to make both the pedagogy and presentation of material coherent for students. Thus, the book is not just a collection of articles but a presentation of a holistic view of educational systems.

New to the Third Edition

- 32 new readings, 2 readings revised for this edition, and 19 articles previously included, all by early and contemporary noted scholars
- Expanded text introductions to each chapter provide a holistic view of the field
- Part introductions outline key issues in a given area of the field and explain the contributions made by the selections that follow
- Introductory questions to consider when reading each article encourage students to engage in critical thinking
- Conclusions to each part feature suggested projects for continued exploration of the topic
