Financial Management For Public, Health, and Not-for-Profit Organizations (2nd Edition) Steven A Finkler

For introductory courses in financial and managerial accounting in the areas of government or public policy and management, not-for-profit management, and health policy and management. This is one of the few texts that addresses financial and managerial accounting within the three major areas of the public sector-- government, health, and not-for-profit. The Second Edition of Financial Management for Public, Health, and Not-for-Profit Organizations provides the fundamentals of financial management for those pursuing careers within these fields. With a unique presentation that explains the rules specific to the public sector, this book outlines the framework for students to access and apply financial information more effectively.
