Kill Zone: A Sniper Looks at Dealey Plaza Craig Roberts

In 1987, former U.S. Marine Corps sniper Craig Roberts, a seasoned veteran of the Vietnam war, stood for the first time at the 6th floor of the Texas School Book Depository. As he looked down into that the U.S. Government maintains was the kill zone used by Lee Harvey Oswald, he knew immediately the the Warren Commission's verdict that Oswald, acting alone from that position, fired three shots in 5.6 seconds with an ancient bolt-action rifle was a lie. If Oswald, by himself, could not have done it, then who could? And why? Follow Roberts's investigation of six years into a shadow world of black operations into a level above the CIA, the KGB, the Mafia, Texas oil and others into a powerful organization that to them, to murder a head of a country anywhere is "business as usual."
