Remember When (The Remember Trilogy Book 1) T. Torrest

“Hysterical! Made me want to break out a can of Aqua Net and hit the Jersey shore. Loved the characters and their sweet and steamy love story. You’ll find yourself rooting for Layla and dreaming about Trip for years to come.”

-Mika Thomas, Fiction Review

** Author's Note: Remember When is the first book in a trilogy series but there is NO CLIFFHANGER. This romantic comedy novel is intended for mature teen readers and immature adult readers due to some high school sex scenes, underage drinking, questionable language and 1980s flashbacks. **

Come back to the 80s with this coming-of-age romantic comedy about a pre-fame Hollywood movie star and his high school sweetheart!

Years before Trip Wiley could be seen on movie screens all over the world, he could be seen sitting in the desk behind me in my high school English class.

This was back in 1990, and I cite the year only to avoid dumbfounding you when references to big hair or stretch pants are mentioned. Although, come to think of it, I am from Northern New Jersey, which may serve as explanation enough. We were teenagers then, way back in a time before anyone, himself included, could even dream he’d turn into the Hollywood commodity that he is today.

I’m sure I don’t need to tell you who Trip Wiley is. But on the off chance you’ve been living under a rock for the past decade, just know that these days, he’s the actor found at the top of every casting director’s wish list. He’s incredibly talented and insanely gorgeous, the combination of which has made him very rich, very famous and very desirable.

And not just to casting directors, either.

I can’t confirm any of the gossip from his early years out in Tinseltown, but based on what I knew of his life before he was famous, I can tell you that the idea of Girls-Throwing-Themselves-At-Trip is not a new concept.

I should know. I was one of them.

And my life hasn’t been the same since.
