Review of Orthopaedics, 4e (Miller, Review of Orthopaedics) Mark D. Miller MD

Mark D. Miller, MD and a team of respected Orthopaedic surgeons have distilled the broad body of available orthopaedics literature into a single concise review source. With its easy-to-read outline format and abundant charts, tables, and illustrations, this best-selling title places vast volumes of essential, up-to-date information at readers' fingertips. The Fourth Edition has been completely updated to reflect all of the most current concepts and techniques.

- Synthesizes material from a broad spectrum of review courses · textbooks · journal articles · Academy publications ·
- Presents succinct, yet thorough synopses of a wide range of key operative techniques
- Features authors who are all fellowship trained and well published in their areas of expertise, including newly board-certified practitioners as well as experienced surgeons...for well-rounded coverage of all aspects of the field.
- Incorporates material from the most recent Orthopaedic In-Training Exam and self-assessment exams.
- Features new authors for five chapters (Pediatrics, Foot and Ankle, Hand, Adult Trauma, and Anatomy), offering completely fresh perspectives on those areas.
- Offers an increased number of tables and many updated illustrations -- 350 in all -- to foster efficient learning.

With 25 additional expert contributors

This publication offer you information that probably your friend doesn't know, by knowing more than some other make you to be great people. So , why hesitate? We should have Review of Orthopaedics, 4e (Miller, Review of Orthopaedics).

Stacy Brooks:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's internal or real their interest. They just do what the instructor want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Review of Orthopaedics, 4e (Miller, Review of Orthopaedics) can make you truly feel more interested to read.
