Making Sense in the Life Sciences: A Student's Guide to Writing and Research Margot Northey, Patrick von Aderkas

The *Making Sense* series comprises five concise, readable guides to research and writing for use by students at all levels of undergraduate study. Designed especially for students in the life sciences, this book outlines the general principles of style, grammar, and usage, while covering such issues as how to conduct academic research, how to write research essays and lab reports, how to document sources, and how to prepare effective oral presentations and posters.
