The life and death of King John

William Shakepeare

The life and death of King John William Shakepeare

To 1594 must also be assigned 'King John,' which, like the 'Comedy of Errors' and 'Richard II,' altogether eschews prose. The piece, which was not printed till 1623, was directly adapted from a worthless play called 'The Troublesome Raigne of King John' (1591), which was fraudulently reissued in 1611 as 'written by W. Sh.,' and in 1622 as by 'W. Shakespeare.' There is very small ground for associating Marlowe's name with the old play. Into the adaptation Shakespeare flung all his energy, and the theme grew under his hand into genuine tragedy. The three chief characters—the mean and cruel king, the noblehearted and desperately wronged Constance, and the soldierly humourist, Faulconbridge—are in all essentials of his own invention, and are portrayed with the same sureness of touch that marked in Shylock his rapidly maturing strength. The scene, in which the gentle boy Arthur learns from Hubert that the king has ordered his eyes to be put out, is as affecting as any passage in tragic literature.
