Current Research on Bisexuality (Journal of Bisexuality Monographic Separates) Ronald Fox

Current Research on Bisexuality is an important resource on recent psychological and sociological findings in bisexual studies. The authors provide research findings and case studies that add to our understanding of bisexual identity, bisexuality and relationships, bisexuality and ethnicity, and attitudes toward bisexual people. This book examines research findings, literature reviews, and a wealth of resources that currently exist on bisexuality and bisexual issues.

This book will bring you up to date on:

- bisexual identity development
- bisexuality in college students
- cross-orientation friendships of bisexual women
- bisexual married women and men—and their spouses
- bisexuality and heterosexually married couples
- monogamous as well as open bisexual relationships
- the interrelationship of bisexuality, race, and ethnicity
- attitudes toward bisexual women and bisexual men

Current Research on Bisexuality provides new knowledge of the life experiences of bisexual people. With this book, you'll find a basis for further research and education about bisexuality in the greater context of ongoing research, education, and advocacy regarding lesbian, gay, bisexual, and transgender issues.
