Judaism: A Very Short Introduction (Very Short Introductions)

Norman Solomon

Judaism: A Very Short Introduction (Very Short Introductions) Norman Solomon

Norman Solomon's succinct book is an ideal introduction to Judaism as a religion and way of life. Demonstrating the diverse nature and ethnic origin of Jewish people, Solomon explores how the religion has developed in the 2,000 years since the days of the Bible.

This *Very Short Introduction* starts by outlining the basics of practical Judaism, including: festivals, prayers, customs, and various sects - and goes on to consider how Judaism has responded to, and dealt with, a number of key issues and debates, including the impact of the Holocaust and the establishment of the State of Israel. In this new edition, Solomon considers issues of contemporary Judaism in the 21st century, incorporating new material on the relationship between the Muslim faith and Judaism, the rise of Zohar and Kabala, and considers how the faith deals with issues such as homosexuality and gay marriage.

ABOUT THE SERIES: The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.
