## **The Educated Person's Guide to Rap Music** Tyrone Humphries

Rap presently stands as one of the most popular musical genres. It is also one of the most recent, only ascending to sustained popularity in the 1980s. Unlike most music, rap is replete with colloquial slang and wordplay. Newcomers, particularly those of a generation or social background unfamiliar with the streetwise language favored by rappers, are at a disadvantage when listening. This is music whose words are often not only cryptic, but stated so rapidly as to be incomprehensible to the untrained ear. The Educated Person's Guide to Rap Music seeks to address this situation. The author, aiming at an educated yet understandable tone, deciphers the lyrics of more than 40 individual rap songs. Whether you are a newcomer or a longtime aficionado, The Educated Person's Guide to Rap Music seeks to confer clarity, enlightenment and appreciation to a genre of music many still find inscrutable.
