White Apocalypse / The Conscience of a Right-Winger Kyle Bristow

This 500-page tome contains two works by Kyle Bristow: *White Apocalypse* and *The Conscience of a Right-Winger*. Both works have earned significant praise from prominent right-wing nationalist activists and philosophers.

White Apocalypse is a fictional story about a rogue anthropologist who teams up with a proponent of the Solutrean Hypothesis and a fiery lawyer in order to reveal to the world the shocking truth that carries immense cultural, political, and racial significance: 17,000 years ago, white people immigrated to North and South America from Europe, and when the Amerindians arrived by crossing the Bering Strait roughly 12,000 years ago, the latter subsequently and systematically murdered the former. The powers that be will do everything that they can to prevent this controversial theory from being espoused by the trio, and during this action-packed thriller, the epic adventure will take the advocates of historical revisionism from the forests of southeastern Michigan to a federal courtroom in Ohio, from the busy streets of Washington, D.C., to an Amerindian reservation in Virginia!

Unlike the first edition of *White Apocalypse*, this edition contains a foreword by Matthew Heimbach, an afterword by the author, and supplemental materials that evince the validity of the Solutrean Hypothesis.

In *The Conscience of a Right-Winger*, through scholarly essays written from a paleoconservative perspective, the author delves into the scope of the Second Amendment, the tragedy of Rhodesia, how NAFTA has affected the American economy, and much more!
