Endless Night: Cinema and Psychoanalysis, Parallel Histories

Endless Night: Cinema and Psychoanalysis, Parallel Histories

The "endless night" that film theory and psychoanalysis share is the darkness that these two disciplines face in their quest for the logics of intelligibility. This collection emphasizes the history of theory to demonstrate that film theory must be written with a strong sense of historical consciousness, curiosity, and archaeological craft. The volume brings together film theorists and practicing psychoanalysts to encourage an exchange of views between disciplines that encounter each other all too rarely.
