The Army Doctor's Scottish Collection: Three Christmas Romances Helen Scott Taylor

Treat yourself to three heartwarming contemporary romances set in the magnificent Scottish Highlands.

The Army Doctor's New Year's Baby

Dr. Daniel Fabian's jet-setting lifestyle as a cosmetic surgeon to the rich and famous left him empty inside. In his quest for fulfillment he followed his brother into the army, to use his medical skills to help soldiers injured in combat. He dedicated himself to his work and cut women out of his life for twelve months. But his commanding officer's beautiful sister Megan Mackenzie is too much of a distraction for him to ignore. Amid the dangerous beauty of the Scottish Highlands, Megan rescues Daniel and shows him he's been searching in the wrong place for fulfillment. His destiny lies in her arms.

The Army Doctor's Valentine's Baby

The chemistry between Captain Naomi Gray and her commanding officer, Colonel Duncan Mackenzie, sizzles, but her past means she has no use for relationships or family, and he won't date women under his command. During a week at Duncan's Scottish castle, caring for a tiny newborn baby, they fight their attraction. Can an abandoned newborn who needs a mother and father bring them together?

The Army Doctor's Honeymoon Baby

Army doctor Major Blair Mackenzie has loved his childhood friend, Lorna Bell, for as long as he can remember. After she turned down his marriage proposal, he resigned himself to being just her friend and protecting her from danger in the African refugee camp where they both work. Lorna depends on Blair and has done all her life--he's her rock, her best friend, and the only man she has ever loved. When they are captured by rebel soldiers, she finally admits her feelings. But to let him into her heart means revealing a secret about their families she has hidden for ten years, a secret that might turn him against her forever.
