## The Cambridge Companion to English Literature, 1650-1740 (Cambridge Companions to Literature)

### The Cambridge Companion to English Literature, 1650-1740 (Cambridge Companions to Literature)

This volume offers an account of English literary culture in one of its most volatile moments, when literature was enmeshed with the extremes of social, political and sexual experience. Newly-commissioned essays make use of current critical perspectives in order to offer new insight into the literature of Restoration and early eighteenth-century England in all its variety, from vitriolic satire to heroic verse. The volume's chronologies and select bibliographies will guide the reader through texts and events, while the fourteen essays commissioned for this Companion will allow us to read the period anew.
