Wuhu Diary: On Taking My Adopted Daughter Back to Her Hometown in China Emily Prager

In 1994 an American writer named Emily Prager met her new daughter LuLu. All she knew about her was that the baby had been born in Wuhu, a city in southern China, and left near a police station in her first three days of life. Her birth mother had left a note with Lulu's western and lunar birth dates. In 1999 Emily and her daughter—now a happy, fearless four-year-old—returned to China to find out more. That journey and its discoveries unfold in this lovely, touching and sensitively observed book.

In **Wuhu Diary**, we follow Emily and LuLu through a country where children are doted on yet often summarily abandoned and where immense human friendliness can coexist with outbursts of state-orchestrated hostility—particularly after the U. S. accidentally bombs the Chinese embassy in Belgrade. We see Emily unearthing precious details of her child's past and LuLu coming to terms with who she is. The result is a book that will delight anyone interested in China, and that will move and instruct anyone who has ever adopted--or considered adopting--a child.
