This publication offers a consideration of the historical background and the theological and pastoral presuppositions of the Second Vatican Council, through a review of the documents of the Council. It is divided in three sections. Part I takes a look at the historical and conceptual framework which served as a background for the Council. In it there is a review of the immediate movement of ideas and concerns which led to the Council. Part II presents an overview of the Council sessions. Part Three provides a summary and brief commentary on each of the documents of the Council. In the Appendix section the reader will find a brief reflection on the meaning of tradition and the nature of change within that tradition, plus a brief history of the ecumenical councils in history. A Glossary is included, together with a number of illustrations. This work may be useful for group discussions in Catholic schools and parishes. Esta publicación propone una reflexión sobre el trasfondo histórico y los presupuestos teológicos y pastorales del Concilio Vaticano II, a partir de un repaso de los mismos documentos del Concilio. En una Primera Parte se da una mirada al marco histórico y conceptual que precedió al Concilio. Ahí se presenta una breve reflexión sobre lo que es Tradición y lo que es cambio dentro de esa Tradición. Se incluye una breve historia de los concilios ecuménicos en la historia y una reseña del movimiento de ideas e inquietudes que de forma inmediata llevaron al Concilio. En la Segunda Parte se reseñan brevemente los datos principales de la historia de las sesiones del Concilio. En la Tercera Parte se presenta un resumen y breve comentario de cada uno de los documentos del Concilio. En el Apéndice al final hay un Glosario y otro material que puede resultar útil en la reflexión sobre algunos temas.
