Pride and Privilege

Les Pendleton

Pride and Privilege Les Pendleton

Though beautiful and romantic, the old South had a very dark underside. Dwight Morton, heir to a powerful dynasty in rural South Carolina, became one of the most beloved Senators of his time. A pillar of integrity and devoted to the less privileged, his deathbed confession to a horrendous crime that brought his entire life and legacy into question. His reputation as a philanthropist and humanitarian was unmatched. Dwight's last hours were spent relating his story to Oscar Phipps, a longtime friend and editor of a small South Carolina newspaper. While Oscar is spending all of this time in and out of Dwight's hospital room, he encounters two young brothers whose mother is also a patient there. He sees the great similarities in their plight and Dwight's incredible tale from fifty years earlier. He will be forced to make the same decision the Senator faced, should he get involved or just let life play out without his intervention. One choice and he's enmeshed far more than he has the time and energy for, and the other he's away clean, except for his conscience. This story covers over half a century in the life of one extraordinary man and those who made him what he was to become. This novel will place you there as the events unfold.

From reader reviews:

Kristen Hamilton:

What do you think about book? It is just for students since they're still students or it for all people in the world, what the best subject for that? Merely you can be answered for that problem above. Every person has several personality and hobby for every single other. Don't to be compelled someone or something that they don't wish do that. You must know how great in addition to important the book Pride and Privilege. All type of book could you see on many solutions. You can look for the internet sources or other social media.

Willie Collins:

Book is to be different for every grade. Book for children right up until adult are different content. As it is known to us that book is very important for us. The book Pride and Privilege seemed to be making you to know about other understanding and of course you can take more information. It is rather advantages for you. The reserve Pride and Privilege is not only giving you more new information but also to get your friend when you truly feel bored. You can spend your current spend time to read your book. Try to make relationship with all the book Pride and Privilege. You never truly feel lose out for everything in case you read some books.

Shawn Young:

Reading a guide can be one of a lot of exercise that everyone in the world adores. Do you like reading book so. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new details. When you read a publication you will get new information simply because book is one of several ways to share the information as well as their idea. Second, studying a book will make you actually more imaginative. When you reading a book especially fictional book the author will bring one to imagine the story how the characters do it anything. Third, you may share your knowledge to others. When you read this Pride and Privilege, you could tells your family, friends as well as soon about yours reserve. Your knowledge can inspire different ones, make them reading a reserve.

Larisa Nagle:

With this era which is the greater individual or who has ability to do something more are more precious than other. Do you want to become considered one of it? It is just simple strategy to have that. What you have to do is just spending your time not much but quite enough to enjoy a look at some books. One of many books in the top collection in your reading list is Pride and Privilege. This book which can be qualified as The Hungry Mountains can get you closer in growing to be precious person. By looking upward and review this publication you can get many advantages.
