Wisdom Literature is Volume XIII of The Forms of the Old Testament Literature, a series that aims to present a form-critical analysis of every book and each unit in the Hebrew Bible. Fundamentally exegetical, the FOTL volumes examine the structure, genre, setting, and intention of the biblical literature in question. They also study the history behind the form-critical discussion of the material, attempt to bring consistency to the terminology for the genres and formulas of the biblical literature, and expose the exegetical process so as to enable students and pastors to engage in their own analysis and interpretation of the Old Testament texts. This volume examines the books of Job, Proverbs, Ruth, Canticles (Song of Songs), Ecclesiastes, and Esther. Previous form-critical work is carefully evaluated, and the result is a thorough-going form-critical treatment of this part of the Old Testament. The work is enhanced by bibliographies for each Old Testament book and a glossary of general terms.
