Almost Home: A Novel Pam Jenoff

Ten years ago, American Jordan Weiss's idyllic life as a graduate student and coxswain at Cambridge was shattered when her boyfriend and fellow crew member, Jared Short, drowned in the River Cam the night before the biggest race of the year. Since that time, Jordan, a State Department intelligence officer, has traveled the world on dangerous assignments but has avoided returning to face her painful memories in England. When her terminally ill friend Sarah asks her to come to London, though, Jordan returns. Shortly after her arrival in London, she is approached by a former college classmate who makes the startling assertion that Jared's death was not an accident, he was murdered. Jordan learns that Jared's death was indeed not an accident, and that his research on World War II had uncovered a shameful secret. But powerful forces with everything to lose will stop at nothing to keep the past buried. Soon, Jordan finds herself in grave peril as she struggles to find the answers that lie treacherously close to home, the truth that threatens to change her life forever, and the love that makes it all worth fighting for.
