Being The Other Woman: The complete handbook for every woman in love with a married man Petra Falk

Almost half of all married men, and slightly fewer married women, admit to having had at least one affair. This is the book for the woman who finds herself involved with such a married man! This is absolutely not a "how to become a mistress" book. It offers help to those who are already finding themselves in this situation so everyone involved survives the experience as unharmed as possible under the circumstances, especially the "Other Woman" herself. Insightful, at times funny, and always straight to the point, this book is a "must read" for every "Other Woman!" And let us not forget that there is a betrayed wife and a cheating husband for every Other Woman. This book would be an eyeopener for many of those, too.
