Clinical Mycology

Elias J. Anaissie, Michael R. McGinnis, Michael A. Pfaller

Clinical Mycology Elias J. Anaissie, Michael R. McGinnis, Michael A. Pfaller

The first book of its kind to focus on the diagnosis, prevention, and treatment of patients with fungal infections, this definitive reference returns in a completely revised, full-color new edition. It presents specific recommendations for understanding, controlling, and preventing fungal infections based upon underlying principles of epidemiology and infection control policy, pathogenesis, immunology, histopathology, and laboratory diagnosis and antifungal therapy. More than 560 photographs, illustrations, and tables depict conditions as they appear in real life and equip you to identify clinical manifestations with accuracy. Expanded therapy content helps you implement the most appropriate treatment quickly, and a bonus CD-ROM-featuring all of the images from the text-enables you to enhance your electronic presentations.

- Includes specific recommendations for diagnosing, preventing, and treating fungal infections in various patient populations based upon underlying principles of epidemiology and infection control policy, pathogenesis, immunology, histopathology, and laboratory diagnosis and antifungal therapy.
- Covers etiologic agents of disease, fungal infections in special hosts such as pediatric patients and patients with cancer and HIV, infections of specific organ systems, and more, to make you aware of the special considerations involved in certain cases.
- Features clinically useful and reader-friendly practical tools-including algorithms, slides, graphs, pictorials, photographs, and radiographs-that better illustrate and communicate essential points, promote efficient use in a variety of clinical and academic settings, and facilitate slide making for lectures and presentations.
- Offers a CD-ROM containing all of the book's images for use in your electronic presentations.

Note: The Kindle edition of this book does not include any CDs or DVDs.

From reader reviews:

Jerry Gavin:

This Clinical Mycology book is simply not ordinary book, you have it then the world is in your hands. The benefit you receive by reading this book is definitely information inside this guide incredible fresh, you will get information which is getting deeper you read a lot of information you will get. This particular Clinical Mycology without we know teach the one who examining it become critical in imagining and analyzing. Don't always be worry Clinical Mycology can bring when you are and not make your tote space or bookshelves' turn out to be full because you can have it in your lovely laptop even telephone. This Clinical Mycology having good arrangement in word along with layout, so you will not sense uninterested in reading.

Arthur Atwood:

Nowadays reading books are more than want or need but also become a life style. This reading addiction give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The data you get based on what kind of publication you read, if you want send more knowledge just go with education and learning books but if you want really feel happy read one together with theme for entertaining for instance comic or novel. The actual Clinical Mycology is kind of publication which is giving the reader capricious experience.

Oliver Watts:

Spent a free time to be fun activity to try and do! A lot of people spent their down time with their family, or their very own friends. Usually they undertaking activity like watching television, gonna beach, or picnic inside the park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your current free time/ holiday? Can be reading a book is usually option to fill your free of charge time/ holiday. The first thing you will ask may be what kinds of guide that you should read. If you want to attempt look for book, may be the e-book untitled Clinical Mycology can be good book to read. May be it may be best activity to you.

Alyson Ward:

Many people spending their time by playing outside using friends, fun activity together with family or just watching TV all day long. You can have new activity to pay your whole day by studying a book. Ugh, do you think reading a book can actually hard because you have to take the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Mobile phone. Like Clinical Mycology which is keeping the e-book version. So , try out this book? Let's notice.
