The thrilling second book in Philip Pullman's His Dark Materials trilogy, read by the author and a full cast.

In this stunning sequel to *Northern Lights*, the intrepid Lyra Silvertongue and her daemon, Pantalaimon, find themselves in a shimmering, haunted other world - Cittagazze where soul-eating Spectres stalk the streets and wingbeats of distant angels sound against the sky.

Here she meets twelve-year-old Will Parry, a fugitive from a third universe. Will has found a small window between Cittagazze and Oxford that brings him into this strange new realm.

Will's father, an explorer, disappeared years ago, but recently some odd characters have started asking questions about him, and now, having accidentally killed one of them, Will is wanted by the police.

Armed with the subtle knife, a tool that cuts any material (including that which separates universes) and Lyra's alethiometer, the children set out to find John Parry, with adults of various stripes in desperate pursuit.
