Archibald Thomas Robertson

A. T. Robertson's Word Pictures in the New Testament (with Bible and Strong's Numbers Added!), 6 Volumes Archibald Thomas Robertson

Dr. Robertson's six-volume set "Word Pictures in the New Testament" and is an excellent reference work when one does not know Greek, but would like to understand the Greek language the New Testament was written in. Many nuggets are contained in this wonderful set that explain just what a particular verse meant by the construction of the Greek. In Greek, just as in English, how one states something (the tenses of verbs, conditional clauses, meanings of participles, etc.) can add a richness to the writing that might be missed upon casual reading of a text translated out of the original tongue. But, the subtleties, the nuances, and the shades of meaning from the Greek are often are often lost in translations. Dr. Robertson has attempted to fill in the missing data that all translations from one language to another suffer. In his case, from Koine Greek into English. For the Pastor, teacher or lay person who wants to know the truth in a passage as recorded in the original Greek, this set is an invaluable asset.
