Money Is The Motive Arabia

Gionnie is a young girl, that got tired of being broke. Her tale isn't your average broken home, with a crack head for a mother tale either. She grew up in a two-parent household, with blue-collar working parents. However, living paycheck to paycheck wasn't getting the job done. They were still just as poor as everyone else in the hood. Once, Gionnie meets a chick named Mecca, that's tired of living under similar circumstances; they devise a plan to get money. In their quest for the American Dream, they have to hustle hard. There isn't anything they wouldn't do; if the price were right. But, when one mission goes horribly wrong the price is now their lives. Together, they devise a plan that will get them more money than they have ever seen.....If they can stay alive long enough to get it.
