## **Capital and Its Discontents: Conversations with Radical Thinkers in a Time of Tumult (Spectre)**

In an era of profound economic and ecological crisis, this collection unravels the dynamic contradictions at the heart of capitalism and points possible ways forward to a liberatory future. Through a series of incisive conversations with some of the most eminent thinkers and political economists on the Left—including Noam Chomsky, Tariq Ali, David Harvey, Ellen Meiksins Wood, Mike Davis, and Doug Henwood—Sasha Lilley examines the roots of the global economic meltdown, neoliberalism in the Global South and North, struggles against empire past and present, the eternal pendulum swing of social revolt, and the potentialities of the radical tradition in a time of austerity.
