Pathology & Parasitology for Veterinary Technicians (Veterinary Technology) Leland S. Shapiro

Pathology and Parasitology for Veterinary Technicians, 2E is the publication professionals and future professionals turn to for detailed information on pathology and parasitology in veterinary medicine. It features clear-cut descriptions, case studies, and methodologies for the practical setting. Veterinary professionals and those in the animal, equine, dairy, and poultry fields will benefit from explanations about technical procedures, parasite life cycles, zoonotic potential, diagnosis, and treatment. A review of current literature provides valuable background, and the accompanying CD-ROM Image Library features extensive color images of parasites and various pathologies.
