Understanding Somatization in the Practice of Clinical Neuropsychology (AACN Workshop Series)

Greg J. Lamberty

Understanding Somatization in the Practice of Clinical Neuropsychology is written for neuropsychologists who wish to improve their ability to diagnose and treat, or recommend treatment for, patients with somatoform disorders. The author, a seasoned clinician, blends evidence-based recommendations with sound practical advice within a conceptual framework that helps neuropsychologists to understand and engage these challenging patients. A Continuing Education (CE) component administered by the American Academy of Clinical Neuropsychology is included, as is access to the author's workshop presentation materials. The book will be of interest to those who work with or wish to gain insight into somatizing patients - neuropsychologists, clinical psychologists, neurologists; post-doctoral fellows; graduate psychology students; and neuropsychologists who want to earn Continuing Education (CE) credit.
