Wandering God

Morris Berman

Wandering God Morris Berman

The third book in Morris Berman's much acclaimed trilogy on the evolution of human consciousness, *Wandering God* continues his earlier work which garnered such praise as "solid lessons in the history of ideas" (KIRKUS Reviews), "filled with piquant details" (Common Boundary), "an informative synthesis and a remarkably friendly, good-natured jeremiad" (The Village Voice). Here, in a remarkable discussion of our hunter-gatherer ancestry and the "paradoxical" mode of perception that it involved, Berman shows how a sense of alertness, or secular/sacred immediacy, subsequently got buried by the rise of sedentary civilization, religion, and vertical power relationships.
