**Not where you want to be?**  
**Wondering how to get there?**

**Why** is it that smart people with admirable life goals often end up far from where they intended to be?

**Why** is it that so many people start out with a clear mental picture of where they want to be relationally, financially, and professionally and yet years later

find themselves far from their desired destination? **Why** do our expectations about our own future often go unmet?

What if you knew the answer to those questions? What if there was one **simple idea** that explained why so many people get lost along the way?

There is. It's called the **principle of the path**. And not only does it explain the disappointment and regret that characterize the lives of so many, it provides a way for **you** to be the **exception**.
